SKILLS

- **Languages:** Java, C++, JavaScript
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** MySQL, Github
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

PROJECTS

- **Online Market for Local Vendors** April 2025
Built an online marketplace platform to increase visibility and accessibility for local vendors.
Features: Vendor registration and login system, product listing with image URL integration, vendor-specific pages, and a user-friendly interface for browsing local products.
Connects local sellers with customers, promoting community commerce and digital presence for small businesses.
Technology: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, Jenkins, Docker Hub, Git
- **Online Entertainment Hub - StreamFlare** November 2024
Created an online entertainment hub like Netflix .
Features: Movies, Music, Games and more.
Showcases front-end development skills in web design and user interface.
Tech: HTML, CSS, JavaScript, Bootstrap, Jenkins, Git, Docker Hub
- **Marks Update Tracker – Play with Lists** December 2022
Developed a Python program to track updates in student marks and analyse rank changes.
Inputs: Lists of student names, marks, and updates.
Outputs: Identifies the student with the highest marks post-update and calculates rank jump.
Key functionalities: Data processing, rank calculation, result display.
Showcases proficiency in Python, data manipulation, and algorithmic problem-solving.
Tech: Python
- **Fitness Club Management System** September 2022
Developed a system to help a club owner manage customer records.
Features: Stores customer details (name, mobile number, BMI, address, date of joining, package details) and retrieves them.
Tracks membership details like joining date, package type, and training period.
Demonstrates skills in data management and record handling.
Technology: C language

CERTIFICATES

- IBM DevOps and Software Engineering Professional Certificate November 2024
- Data Structures and Algorithms by Techvanto Academy June 2024
- Object Oriented Programming by IamNEO platform December 2023

ACHIEVEMENTS

- **Solved 250+ questions on Leetcode** March 2025
Leetcode profile: leetcode.com/u/edo629/

EXTRACURRICULAR

- **Breakthrough Science Society – Volunteer** March 2025
Contributed to promoting scientific literacy and awareness through community outreach initiatives. West Bengal, India
Activities: Organized a science competition for school students to encourage critical thinking and problem-solving.
Advocated for the importance of Darwin's theory of evolution in education, highlighting its role in science curricula.
Enhanced the NGO's outreach efforts by engaging students and the local community in scientific discourse.
Impact: Fostered a deeper understanding of scientific principles among youth and helped raise awareness of science policy issues.
